Subject: RE: My Half Hour Check In with OECA is Tomorrow

Alex,

As requested, suggested items are below from OPP and OPPT. Except for the first bullet heads up, most are just background on ongoing coordination with OECA. I'll add to your binder as well. Please let us know if you need more information on any of these.

Thanks,
Kaitlin

OPPT Issues

- OPPT will have a short turnaround ask for OECA for enforcement screening of Safer Choice partner awards in August.
- For awareness:
 - Formaldehyde e-commerce – Alex to be briefed by OPPT on this issue in the next few weeks (meeting currently scheduled for 8/7).
 - New chemicals 5(e) order template – OECA provided comments on a draft to Lynn D.
 - Small business compliance guide for the methylene chloride in consumer paint and coating removal – OPPT is working to finalize this document and has been working collaboratively with OECA staff.

OPP Issues

- OPP and OECA are discussing the process for OECA to access the new PRIA set-aside to support the Good Laboratory Practice (GLP) Inspection Program. Discussions include what document OECA will need to maintain as well as the annual reporting requirements as part of the PRIA annual report.
- For awareness:
 - OPP (Ed Messina and Cindy Wire) and OECA (Liz Vizard) are at the Comprehensive Combo Pesticide Regulatory Education Program (PREP) Course in Milwaukee, Wisconsin this week discussing the FIFRA Cooperative Agreement Process, UAVs, admissible evidence and issues surrounding regulating hemp with the state, tribal and territory attendees. PREP is a regulatory education program for states, tribes and territories that is close to 30 years old and is jointly funded by OPP and OECA. PREP courses allow for frank discussion between EPA, states, tribes and territories which strengthen our relationships with our co-regulators.
 - OPP and OECA hold coordination meetings at the staff level and the office director level on an ongoing basis. As an example, OPP and OECA are coordinating topics for the upcoming OCSPP Regional Division Directors Meeting (8/14-8/15). Both offices plan to talk to regions about joint coordination will work after their recent regional realignment.

Subject: My Half Hour Check In with OECA is Tomorrow

All,

I have my half hour check in with Susan Bodine tomorrow. This is a great opportunity to raise any of our enforcement overlap issues. Can I please have any issues we need raised with OECA sent to the Special Assistants by End of Day?
Thanks.

Alexandra Dapolito Dunn, Esq.
